

# Company introduction

EVgo was established in 2010 and is headquartered in California, USA. It will be listed on NASDAQ through SPAC in July 2021. EVgo owns and operates the largest public DC fast charging network in the United States and is a pioneer in fast charging.

EVgo has a flexible business model and generates revenue through various businesses. The company's basic business is to invest in the construction and operation of electric vehicle charging stations, through which it provides charging services for C-end and B-end users.

Our mission is to accelerate the mass adoption of electric vehicles by creating a convenient, reliable and affordable electric vehicle charging network that brings fast charging to everyone.

EVgo's charging piles or charging stations have many electric vehicles charging every day, and people's cars need to pay EVgo during the charging process. Then we invested in a charging pile equipment in EVgo. When people are charging their cars, we will have income in our EVgo account every day. The charging piles we have, the more charging stations we have, the more money we can earn.

### **This is the company's official website:**

<https://h5.evgo-share.vip/>

EVgo has reached an agreement with the National Bureau of Industry and Domestic Trade Promotion and the Reserve Bank of India to build 20,000 charging stations in India by 2030, covering more than 120 cities.

## **This is the company's telegram channel**

<https://t.me/EVgo688>

Please follow the telegram channel, add your manager number online, join the group, you will get more information and earn money every day. At the same time, get redemption code benefits every day.

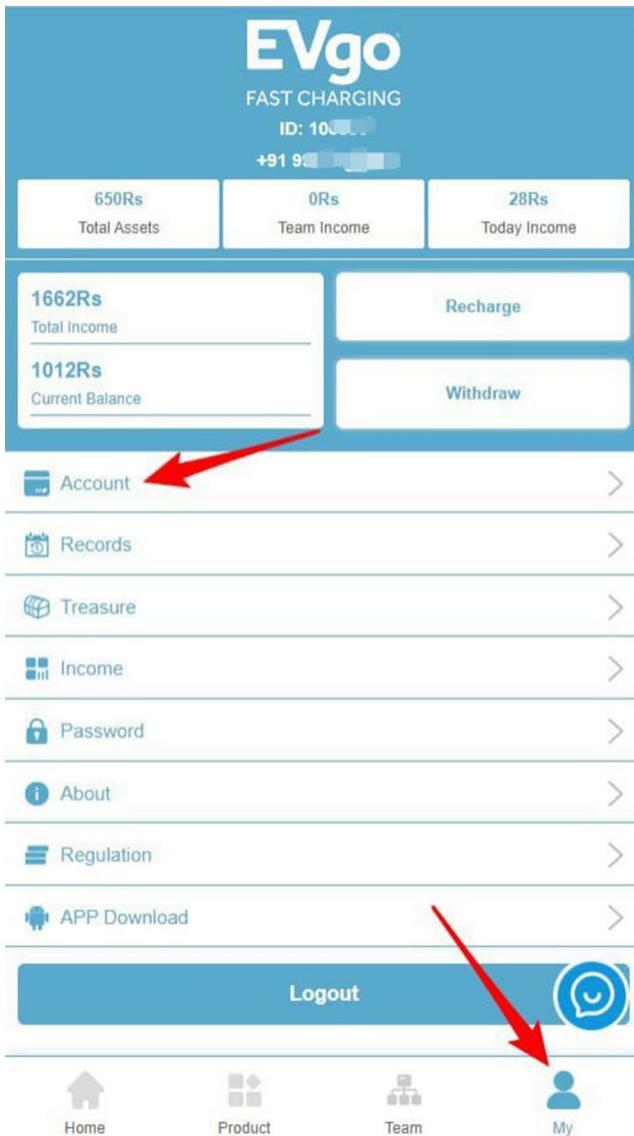

The average monthly income of members working at EVGO is more than Rs 80,000. Through your hard work, I am sure you will also earn more than Rs 80,000 per month.

## **Earnings from EVGO**

**For example:** for an EV100 device, the cost of the EV100 device is about 30,000 US dollars, plus the cost of purchasing the site and construction, it will probably cost 38,000 US dollars, the functions on the connection line, the maintenance of equipment and systems, etc., probably Need to spend up to \$40,000. For our investors, we can choose to buy and invest in the venue at one time, and we will get more income. Of course, I do not recommend it.

If we have 5,000 members who purchase EV100 equipment, then we can build a charging station offline. When the lease expires, as long as the charging station is maintained by someone, the income will always be there. EVGO will hand over the income of the charging station to the local government for the next 10 years in the third year of income.

Therefore, our members will benefit, the company will benefit, and the government will benefit.

This screenshot shows the "BANK" tab of the withdrawal form. It includes fields for "Mobile Number" (labeled 2), "Holder Name" (labeled 3), "Bank account number" (labeled 4), "Bank IFSC" (labeled 5), "Sms Otp" (labeled 7), and a "Send" button (labeled 6). A large red arrow points from the "Save" button (labeled 8) to the instruction text below. The text reads: "Enter your name, Bank account number, and fill in the correct Ifsc".

When your balance reaches 130Rs, you can withdraw money from Monday to Sunday. The bank will review your withdrawal within 24-48 hours. A 5% transaction fee will be charged for each withdrawal. Your funds are regulated by the bank and are very safe.

# EVS-Equipment Revenue

Device Name	Product Price	Daily Income	Day	Total Revenue	Invitation Commission	Valid Member	Purchase Limit
EV-100S	680Rs	37Rs	35	1295Rs	160Rs	0	1
EV-200S	2350Rs	131Rs	36	4716Rs	220Rs	0	2
EV-300S	6650Rs	386Rs	37	14282Rs	480Rs	0	2
EV-400S	13000Rs	754Rs	38	28652Rs	860Rs	5	2
EV-500S	26500Rs	1563Rs	40	62520Rs	1200Rs	10	2

Welcome bonus: 138 rupees, team dividend: B8% - C4% - D2%/day income

The income of this job is divided into three types: daily fixed income, referral bonus and team income. Additional income: Team development grants

## **The first category of income, equipment income:**

Your equipment gets equipment income every day, the more equipment you have, the higher your income. You can rent multiple devices at the same time . For example, if you rent charging equipment 1 and equipment 2, you will get income from the two equipment.

Your equipment earnings are automatically credited to your work account tomorrow.

## Invitation Bonus

**EVgo**  
FAST CHARGING

Device Name	Invitation Bonus
EV-100S	160Rs
EV-200S	220Rs

Invite 1-2 new friends to join EVgo every day, and every time you invite a new friend to join, you can get an invitation bonus. When you have 10 B-level members, I will guide you to the next step. Build your team: 10B+50C=60 people team, you will get excellent team manager bonus 20000RS

**Invite 10 people to join EV-200S, you can get**

**EVgo**  
FAST CHARGING

Device Name	price	Days	Daily Income	Total revenue	Quantity	B(8%)	C(4%)	D(2%)
EV-200S	2350Rs	36	131Rs	4716Rs	2	10.48Rs	5.24Rs	2.62Rs

When you form a team, you become the team leader and let everyone know how you work.

When you invite 10 people to join, you will have 10 B-levels  
 Invite 10 people to join each B-level, and you will have  $10 \times 10 = 100$  C-level  
 Invite 10 people to join each C-level, and you will have  $100 \times 10 = 1000$  D-level

At this time, the number of your team has reached  $10 + 100 + 1000 = 1110$  people.  
 You will become an excellent team manager and receive a monthly bonus of **Rs20000+**

If everyone rents **EV-200S**  
 10B:  $10.48 \times 10 = 104.8$ Rs  
 100C:  $5.24 \times 100 = 524$ Rs  
 1000D:  $2.62 \times 1000 = 2620$ Rs  
 Your team's daily income:  
 $10B + 100C + 1000D = 104.8 + 524 + 2620 = 3248.8$ Rs

Your team's monthly income:  $3248.8 \times 30 = 97464$ Rs

So, if you invite 10 people to join, you can quickly become an excellent team manager with a monthly bonus of **20000Rs+**. Train a B-level member to become an excellent team manager and receive a monthly coaching bonus of **3000Rs** (For example: train 10 B-level members to become excellent team managers and receive a monthly coaching bonus of  $3000 \times 10 = 30000$ Rs)

Train a C-level member to become an excellent team manager and receive a monthly coaching bonus of **2000Rs**. (For example: train 50 C-level members to become excellent team managers and receive a monthly coaching bonus of  $2000 \times 50 = 100000$ Rs)

When your 10 B-level members + 50 C-level members all become excellent team managers, you will immediately become an excellent team management director, and your monthly bonus will be **20000+30000+100000=150000Rs**. That means your monthly income (equipment income + team income + bonus) will be more than **300000Rs**.

With everyone joining **EV-200S**, your team can earn over **Rs 300000+** per month, and your team can earn even more if you rent higher-end equipment

Invite 10 people to join EV-200S, and you will receive an invitation commission of  $220 \times 10$  people = **2200Rs**

When you build a team, you become the team leader and let everyone know how you work.

When you invite 10 people to join, you will have 10 B-levels

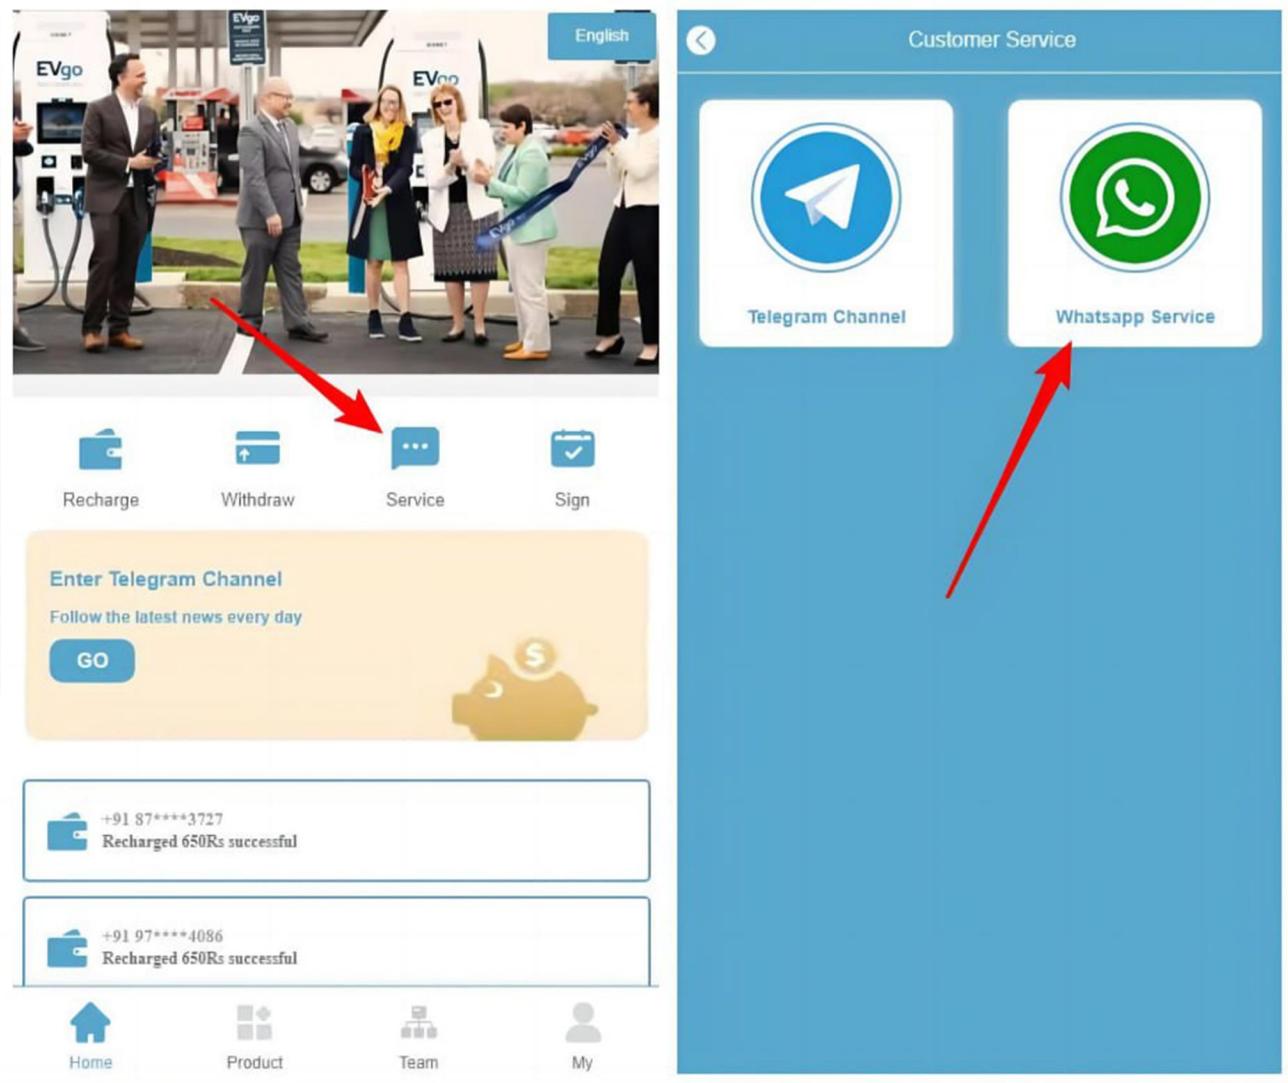

Invite 10 people to join each B-level, and you will have  $10 \times 10 = 100$  C-level

Invite 10 people to join each C-level, and you will have  $100 \times 10 = 1000$  D-level

At this time, your team size has reached  $10B + 100C + 1000D = 1110$  people.

You will become an excellent team manager and get monthly bonus of **Rs20000+**

If all your team members complete BCD and invite 10 friends to join the company, your monthly income will be at least 300,000 Rs.

Whenever you need to contact your manager, you need to click on this icon to contact your manager's online number, otherwise your manager will not receive your message.
